Introduction

This document sets out the process for making funding claims for the 2013/2014 funding year. This document applies to the following.

- Providers funded through a grant for their Adult Skills Budget
- Providers funded through grant with a 24+ Advanced Learning Loans Bursary contract
- Providers with a Discretionary Learner Support contract
- Providers with a Community Learning contract

You should read this document alongside the [Funding Rules 2013/2014](#) and the [Performance Management Rules 2013/2014](#).

The terms 'we' and 'us' refer to the Chief Executive of Skills Funding and her staff.

When we refer to 'you', this includes colleges, training organisations, local authorities and employers who receive funding from us.

In 2014, we will be introducing The Hub – an online service that will give you access to information about contracting, finance and Learning Aims, and provide us with your Individualised Learner Records. You will be able make your funding claims through the Contracts and Finance tab on The Hub. When The Hub is available, we will send you further details.

Adult Skills Budget funding claims

1. If you are funded through a Financial Memorandum or Conditions of Funding (Grant) you must make funding claims for your Adult Skills Budget delivery.
 2. You must make three funding claims:
 - 2.1. a mid-year funding claim;
 - 2.2. a year-end funding claim; and
 - 2.3. a final funding claim.

The deadlines for making these claims are set out in annex A.
 3. There is a copy of the relevant claim form in annex B. This form will be published in Microsoft Excel (compatible with versions 2003 and 2007) on [our website](#).
- ## Filling the form in
4. You must choose the type of funding claim and your organisation's name from the drop-down menus at the top of the form.
 5. You must fill in all sections that are highlighted yellow. The form automatically adds up your Adult Skills Budget delivery on:
 - 5.1. 19-23 Apprenticeships;
 - 5.2. 24+ Apprenticeships;
 - 5.3. 19+ Apprenticeship learner support;
 - 5.4. workplace learning;
 - 5.5. classroom learning; and
 - 5.6. Learning support.
 6. In each of these sections you must provide:
 - 6.1. your actual delivery to date;
 - 6.2. for your mid-year and year-end funding claims, a forecast of any delivery during the remainder of the funding year; and
 - 6.3. any exceptional adjustments.
 7. You must use your Provider Funding Report to work out your actual delivery. This report will include any funding you have earned through validated Individualised Learner Records you have provided and any funding you have claimed through the Earnings Adjustment Statement.

8. You do not need to provide any supporting evidence with your funding claim form.
 9. The forecasts you provide in your mid-year and year-end funding claims must be realistic.
 10. If your auditor has told you that you must make an adjustment to your funding claim as a result of an audit, you must make the agreed adjustment using the Earnings Adjustment Statement. You must not make the adjustment in the claim form.
 11. In exceptional circumstances you may need to make an adjustment (an exceptional adjustment) to your funding claim. You must have formal approval from us before you enter any exceptional adjustments in your claim form.
 12. In every funding claim you make you must fill in your name and position, and the date, in the boxes at the bottom of the form.
 13. You must email your form to the email address at the bottom of the form. (If you have enabled macros in Microsoft Excel, you will be able to click the 'Email the form' button to send an email to the correct email address with your form attached.)
 14. When you make your final funding claim you must also send us a signed paper copy of the funding claim form. An authorised person must sign the claim form on behalf of your organisation. In the case of colleges this must be the principal. The address to send your form to will be shown on the bottom of the funding claim form.
 15. If you do not send us your funding claim forms by the deadlines set out in annex A, we will record a 'nil return' and you will have to pay back all of the funding you have received from us for delivery in the 2013/2014 funding year.
- Protecting provision for English for Speakers of Other Languages**
16. We have previously told you that the provision of English for Speakers of Other Languages (ESOL) for learners who do not use English as their first language will be protected under the new funding system while a new curriculum is developed. If you deliver ESOL and we have evidence that that your average ESOL earnings are lower than they were in 2012/2013, we will work out and tell you the difference in your average ESOL earnings. This will be based on information you provide in your Individualised Learner Records by the deadlines in December 2013, February 2014, June 2014 and September 2014. (A full list of Individualised Learner Record deadlines is shown in annex A of the Specification of the ILR for 2013/14, available on the Information Authority website at www.theia.org.uk.)
 17. You can use this information to make your mid-year funding claim and year-end funding claim. Any forecast earnings you work out using the difference in average ESOL earnings must be included in the forecasts you provide in your mid-year and year-end funding claims.
 18. For your final funding claim, we will use information in the validated Individualised Learner Records

you provide by the final deadline in October 2014 to work out any reduction in your average earnings for ESOL provision since 2012/2013. We will add this value to the 'exceptional adjustment' column of your final funding claim. Your relationship manager will tell you how much we have added to your final funding claim for ESOL provision.

We will work out your average ESOL earnings by dividing the total value of your earnings from ESOL learners by the total number of ESOL learners you have. We will tell you the difference between your average ESOL earnings in 2012/2013 and your average ESOL earnings in 2013/2014.

Funding assurance audit

19. We will appoint audit firms to check that funding claims are accurate.
20. If your claim is chosen to be audited, we will tell you in the summer of 2014. You must provide a copy of the resulting audit report with your final funding claim.
21. You must make sure that you share all of your funding claims and Individualised Learner Records with the appointed auditors well in advance so that you can send us the audit report with your final funding claim.

Reconciliation statements

22. After you send us your year-end funding claim we will send you an 'indicative reconciliation statement'. This will give you an indication of the funding you might have to pay back to us.
23. We will send you a final reconciliation statement after you make your final funding claim. This will confirm the amount of funding you must pay back to us.
24. If you have to pay amounts back to us, we will schedule those repayments from January 2015.

Exceptional Learning Support

25. You must record any learning support costs over the national rate and up to £19,000 through the Earnings Adjustment Statement. You must use your Provider Funding Report to work out your actual delivery.
26. You must claim for any learning support costs over £19,000 through the Exceptional Learning Support claim process set out on the '[Learners with Learning Difficulties and or Disabilities](#)' page of our website.
